Meet the Speakers

DEBJANI GHOSH

President of the National Association of Software & Services Companies (NASSCOM)

Debjani actively works with the industry and Government to accelerate the growth of the Industry and strengthen India's position as hub for Innovation and Digital Talent. Her approach has been focused on a three-point agenda - talent development and re-skilling, strengthening the innovation culture in the country and collaborating with governments across the world to open new opportunities for the Indian IT industry.

As President, Sameer is responsible for sales, operations, growth initiatives and investments in strategic alliances in the theater. Sameer spearheads Cisco's objective to be a transformational partner to the government across states and cities and provide customers with the right foundation for their digital businesses. Over a career spanning 30 years, he has led several top-performing organizations with an enduring track record across multiple roles and regions.

SAMEER GARDE

President, Cisco India and SAARC

VISH IYER

Vice President, Architecture Sales, APJC

Vish leads Cisco's Architectures business in Asia Pacific, Japan and China. With about three decades of experience in the fast-growing ICT sector, he has led teams who have accelerated the pivot to a platform and subscription-based business model along with the partner ecosystem.

He is focused on building the next generation of leaders and collaborates with INSEAD School of Business in Singapore. He takes pride in consulting, counseling, and championing dozens of young teams looking to make a mark on the world through innovative ideas and intelligent experimentation.

Marcella is Corporate Affairs Regional Manager for APJ. Corporate Affairs leverages Cisco's technology and unique expertise to develop innovative solutions to address social concerns across the region, with a strategic focus on building human capital in critical ICT & 21st century skills; fostering economic empowerment through a focus on workforce development, digital inclusion and Technopreneurship; and enabling communities by leveraging the Network for community connectivity, education, and access to opportunity.

MARCELLA O' SHEA

Regional Manager Corporate Affairs, Cisco APJ

She has worked in the IT Education field for the past 15 years. Before her current role, Marcella was responsible for the North Asia Region for the Social Innovation Group, and the Alumni Program Manager, Asia Pacific, for the Cisco Networking Academy Program, the cornerstone of Cisco's Education and Corporate Responsibility.

SHAJITH MOOSA

Sr. Director Customer Experience - Global Professional Services Lead & Security Technology Group at CX Center Cisco

Shajith is an accomplished leader with over two decades of business and technology experience across Cisco's multiple functions. He is instrumental in driving transformative engagements with some of Cisco's largest customers, like ATT, Verizon, Reliance, and HSBC.

He is passionate about driving innovation, developing talent, and giving back to the community and has sponsored numerous Employee Resources Organization (ERO). He is a regular industry speaker on topics varying from Leadership, Diversity & Inclusion to

Vishak leads Cisco's Security business for the India and SAARC region. He brings with him over 20 years of experience in the Information Security Services space with stints in product management, sales, marketing and business development. He was instrumental in setting up the first-of-its-kind Global Technical Assistance Center in Bangalore to support Fortinet's customers worldwide.

JAYACHANDRAN VISHAK RAMAN

Director, Security Business, Cisco India & SAARC

DR. AJAY VIKRAM SINGH

Associate Professor, Amity University Noida & Head of Cisco Networking Academy@Amity

Dr. Ajay has more than 17 years of experience comprising teaching, research and development in field of Information Technology with specialization in Internet of Things and Soft Computing Techniques. Currently he is working as Head CISCO Academy and Associate Professor in AIIT, Amity University Uttar Pradesh, Noida, India. He is Cisco Certified Network Associate (Routing & Switching), Cisco Certified Network Instructor and Certified Implementing Cisco Network Security (IINS) Professional.

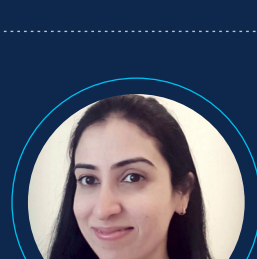

Priyanka leads the People charter with a focus on Emerging Talent and University Recruiting, creating charter for Early in career opportunities and strengthening the emerging talent strategy for Asia PAC, Japan and China.

PRIYANKA BHAGAT

Head - Emerging Talent & University Recruiting APJC, Cisco

With nearly two decades of experience in HR leadership role, she has contributed exclusively in the space of emerging talent, Diversity & Inclusion, employer branding and created best in class innovations to bring the best talent practices to some of the largest multi national corporations.

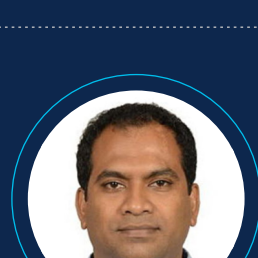

SWATI HANDA

Global Cybersecurity and Privacy Strategy Manager, Cisco Networking Academy

Swati is a Senior Product Leader at Cisco responsible for the Security and Privacy portfolio@Cisco NetAcad. Before Cisco, she worked for American Express as a Security Architect. In addition, she sits on the board of several non-profits and government initiatives in the US and Europe to bridge the skills gap and promote women in cybersecurity. She has also authored several vendor-neutral cybersecurity certifications as a way to give back her good fortune to others.

Ashraf is a Solutions Engineering Leader responsible for driving Cyber Security Business in the India & SAARC region for Cisco. Before Cisco, he had worked in engineering leadership roles for Service Providers and MSSPs in the sub-continent.

ASHRAF ALI TALIB ALI

Leader, Cyber Security Systems Engineering, Cisco

Ashraf is Industry veteran in the field of IT and Cyber Security for almost 2 decades, which includes over 10+ years (and counting) of specialization in Cyber Security.

MANASI JAIN

Senior Security Architect, Cisco

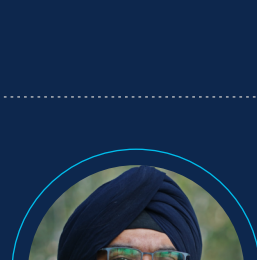

Mansi is a Security Architect in CXC and responsible for innovating and creating solution offers in Cisco Security technology to incubate services that drive customer outcomes and promote delivery efficiency. Her laser-focus lies in identifying opportunities for automation to enable faster turnaround and standardized delivery.

Holding industry security certifications likes of CISSP, CCSK, CLIP-GDPR, Praveen carries broad spectrum of industry experience in Cybersecurity & Telecom domain. He is passionate about information security & data privacy, and a keen observer of emerging technologies and their impact on cybersecurity.

PRAVEEN VIJAY GOPAL

Senior Information Security Engineer, Cisco

ISHVINDER SINGH

India Lead - NetAcad & Skills, Social Innovation Group, Cisco

Ishvinder is part of NetAcad India team at Cisco. His role includes empowering youth of India with Cisco networking programs. He works with central & state governments to evangelize and expand Cisco Networking Academy program.

Ishvinder has done engineering in Computer Science followed by masters from Indian Institute of Management Lucknow. He is a creative and dynamic professional with proven expertise of penetrating new markets and nurturing existing ones to ensure sustainable growth of initiatives.
