Connect on Demand— Selecione esta opção se o ISP cobrar com base no tempo que você está conectado. Ao selecionar essa opção, a conexão com a Internet estará ativada apenas quando houver tráfego. Se a conexão estiver ociosa e nenhum tráfego estiver fluindo, a conexão será fechada. Digite o número de minutos após os quais a conexão é desligada no campo Tempo ocioso máximo.

Keep Alive — No campo Período de rediscagem, insira o número de segundos após os quais o RV110W tenta se reconectar se ele estiver desconectado.
